2022/23 Knowledge Sharing Program (KSP) Project Proposal

Project title *Reference the country and indicate the main purpose/impact of this project.* *Avoid generic titles (e.g. Sustainable Development in Country).*	Type here
Country *Indicate the official country name.*	Type here
Institution *Indicate the full legal name (e.g. Ministry of Economy and Finance).* *If your institution is a government-affiliated organization, indicate both the organization name and the supervising authority.*	Type here
Date of submission	MM/DD/2021

Note: MOEF will favorably consider projects promoting <u>low-carbon and digital economies,</u> <u>infrastructure and systems</u>, and <u>resilient health systems</u>. Such priority is in line with the Korean New Deal national strategy, which supports green and digital transformation and stronger social safety nets.

This proposal is submitted for review and approval as a 2022/23 KSP project.

Date: MM/DD/2021
Name: Type here

Ministry/Institution:

Signature: _____

Part I. Project Description

1. Project Background

1.1. Situation and problem analysis
Elaborate on the country's current situation (e.g. social and economic conditions), and describe key barriers, challenges, gaps, and their underlying causes that this project aims to address. Identify relevant stakeholders.
Type here

1.2. Policy context
Describe efforts undertaken by your country to tackle the challenges and issues addressed above. Identify the country's policy priorities, national development plans, strategies, etc. (policy documents such as intergovernmental legislations and entity-specific mandates). Elaborate on how this project aligns with existing policies.
Type here

1.3. Complementary development cooperation projects/programs
Indicate whether this proposal complements or is complemented by other development cooperation interventions. These include past, ongoing, and expected assistance projects/programs provided by international organizations, the Korean government (preceding KSP project, EDCF loans, KOICA grants, etc.) and/or other countries. Provide details including the institution name, project/program title, amount, implementation period and status for each project/program.
Make clear how this project builds on related interventions or vice versa.
Type here

1.4. Consultation with a Korean institution(s)
If any Korean institution has been involved in preparing this proposal, indicate the institution's name and describe the support provided, how the cooperation procedure proceeded, etc.
Type here

2. Project Information

2.1. Project title: Type here
Reference the country and indicate the main purpose/impact of this project. Avoid generic titles (e.g. Sustainable Development in Country).

2.2. Project objectives
Identify the objectives of this project and anticipated contributions to overcoming the aforementioned challenges. Justify the necessity for KSP support.
Type here

2.3. Project sector
Select the sector that this project targets. Indicate by typing "O" in the blank cell.

	1) Economic development planning
	2) Macro-financial policy
	3) Industrial and trade policy
	4) Science and technology
	5) Territorial development
	6) Rural development
	7) Culture, sports and tourism
	8) Public finance
	9) Public administration
	10) Human resources development
	11) Health and welfare
	12) Labor market
	13) Environment

2.4. Project activities: outline
List the proposed set of activities, specifying interventions necessary for achieving the desired goal.
Note[1]: A standard KSP project implemented to deliver policy consultation comprises of (1) a diagnostic study of the current situation, (2) a case study of the Korean experience, (3) solutions/recommendations and/or (4) capacity-building workshops.
Note[2]: Activities may be subject to change after project approval upon agreement of both sides.

Activity 1): Type here
Activity 2):
Activity 3):
Activity 4):
(cont.):

2.5. Project activities: details
Provide rationale and details (associated outputs, expected outcomes/results, implementation plan, etc.) of the activities listed above.

Activity 1): Type here

Activity 2):

Activity 3):

Activity 4):

(cont.):

2.6. Expected expertise of the Korean executing team
Explain what you require from the Korean consultants (project executers) in terms of qualifications, skills, knowledge, experience, etc.
Type here

2.7. Risk management plan
Describe major risks and potential conflicts of interest that could negatively affect the project objectives from being achieved. Address their probabilities of occurrence and severities of consequences. Provide mitigation and management measures.
Type here

3. Exit Strategy

3.1. Follow-up measures
Indicate how your institution will utilize this KSP project to achieve the intended project objectives and impact after project completion. Check all that apply.

This KSP project will be used to

☐ Enhance the policy environment:
 ☐ Drafting or amending legislation or regulations
 ☐ Preparing new policy plans or budgets
 ☐ Establishing or reforming organizations/institutions
 ☐ Capacity building of and/or knowledge transferring to relevant stakeholders

☐ Link with other development cooperation projects/programs implemented by:
 ☐ EDCF, KOICA, and/or other Korean public institutions
 ☐ Multilateral development banks and/or development finance institutions
 ☐ Other international organizations and/or non-governmental organizations

☐ Catalyze private sector engagement:
 ☐ Cooperating with private organizations in the follow-up activities to this project
 ☐ Supporting the local private sector
 ☐ Creating business partnerships with the Korean private sector (trade and investment seminars, etc.)

☐ Others (e.g. supporting national development projects/programs): Type here

3.2. Post-project action plan
Elaborate on how your institution will execute follow-up measures indicated in Section 3.1 by providing an action plan containing information on the activities, timeline, relevant stakeholders, etc. If this project is to be associated with other development cooperation projects/programs, provide relevant details (title, amount, expected duration, etc.).
Type here

3. Follow-up KSP project
If your institution plans on requesting a follow-up KSP project in the forthcoming years, briefly describe the project's objectives/outcomes and necessity.
Type here

4. Other Relevant Information

Provide any other relevant information deemed necessary for consideration by the Korean government.

Type here

Part II. Partner Description

A. Institution Information

Complete the table below and provide a brief introduction of your institution (size, date of establishment, scope of operations/principal activities, structure, etc.). Attach an organizational chart. If your institution is a government-affiliated organization, indicate the supervising authority (ministry, etc.) by text and illustration.

Institution name	Type here
City/Country	Type here
Address	Type here
Website	Type here

Type here

B. Contact Person

B.1. Project Supervisor
The Project Supervisor will supervise the implementation of this KSP project. A Director-General or an equivalent officer is recommended.

Name	Type here
Designation	Type here
Department/Division	Type here
Phone number	Type here
E-mail address	Type here

B.2. Project Coordinator
The Project Coordinator will be the official contact person communicating with the Korean counterpart to arrange meetings, seminars and workshops throughout the project cycle.

Name	Type here
