

Matchmaking registration form Green Hydrogen in Uruguay

Institution or company name	AMINA ENERGY URUGUAY SL
------------------------------------	-------------------------

Institution webpage	amina.energy
Other web sites of interest	erp-energy.com
Contact (person, email, phone...)	David Ruyet dr@erp-energy.com 0920 21812
Additional contact (person, email, phone...)	
Type of institution (please select all that apply)	<div>Public</div> <div>Private X</div> <div>Academy</div>

Short description of your institution/company:

AMINA is the uruguayan branch of the ERP consulting and engineering group with offices in Barcelona, Buenos Aires, Santiago, and Montevideo. Specializing in expert services throughout all project phases, ERP is a trusted partner for green hydrogen, green ammonia, and e-fuels projects.

ERP H2, the green hydrogen division, focuses on hydrogen generation through electrolysis, integrating solar and wind energy, and optimizing water use. ERP delivers tailored, technically independent solutions across the entire lifecycle of green hydrogen projects, from concept development to asset management.

Your institution provides (please select all that apply)	<div>products</div> <div>Services X</div>
--	--

Short description of your relevant market, i.e. your relevant product/service and geographic market:

We provide specialized, expert, and independent technical advisory services throughout all stages of the green hydrogen project lifecycle.

Area(s) of activity (please select all that apply) in connection with Green H2

Hydrogen and other products production	X	Renewable Energy	X	Transport	
Logistic		Industrial	X	Finance	
Legal				Risk Management	X
Expertise areas (please select all that apply)					
R&D	X	Technology transfer	X	Technology developer	
Technology end-user		Technology supplier		Investor	
Other:					

Main technological capacities and facilities

Our services include value engineering development not only for renewables but green hydrogen, LCOH (Levelized Cost of Hydrogen) studies, advisory on HPA (Hydrogen Purchase Agreements), and technological foresight studies. We tailor our solutions to the specific needs of each project, offering a comprehensive approach to ensure the successful implementation and operation of green hydrogen initiatives.

About the partner(s) you are looking for

Where are you looking for a partner (please select all that apply):					
In Uruguay	X	Abroad	Chile, Argentina		
Looking for partners in the area(s) (please select all that apply)					
Hydrogen and other products production	X	Renewable Energy	X	Transport	
Logistic		Industrial		Finance	
Legal					
What kind of partner(s) are you looking for					
Green hydrogen and e-fuels investors					
Which capacities and/or facilities are you looking for
