La Secretaría del Organismo Internacional de Energía Atómica (OIEA) saluda a los Estados Miembros del OIEA y tiene el honor de señalar a su atención la celebración del **Taller para el Intercambio de Experiencias en la Modelización de Sistemas Energéticos con fines de Planificación** (denominado en adelante el “evento”), que tuvo que posponerse debido al brote de COVID-19 y que ahora tendrá lugar en Zagreb (Croacia) del **9 al 13 de noviembre de 2020**.

El objetivo del evento es facilitar el intercambio de experiencias entre los Estados Miembros en relación con el uso de los instrumentos del OIEA para la planificación y el análisis energéticos.

En la reseña informativa adjunta se ofrecen más detalles sobre el evento.

El evento se celebrará en inglés.

Se informa a los Estados Miembros de que las designaciones que ya se han recibido para este evento seguirán siendo válidas. Se invita a los Estados Miembros que no hayan presentado ninguna designación o que deseen cambiarla a que designen a una persona para que participe en este evento en representación de su Gobierno y se los alienta encarecidamente a que seleccionen con ese fin a mujeres cualificadas.

Por lo general, el OIEA no está en condiciones de sufragar los gastos de viaje ni de otra índole de los participantes en el evento. No obstante, dispone de fondos limitados para ayudar a cubrir los gastos de asistencia de determinados participantes. Esa ayuda puede ofrecerse normalmente, previa solicitud expresa, a un participante por país siempre que, en opinión del OIEA, la persona para la que se solicite pueda hacer una contribución importante al evento. La solicitud de apoyo financiero debe presentarse en el momento de la designación del participante mediante el formulario de solicitud de subvención adjunto (Formulario C).

Cabe señalar que el OIEA no paga ninguna indemnización por daños o pérdida de efectos personales. Tampoco proporciona seguro médico a los participantes en eventos del OIEA. Por lo tanto, se recomienda que estas personas adopten las medidas necesarias para contratar por su cuenta un seguro privado. No obstante, el OIEA cubrirá mediante un seguro los accidentes y las enfermedades claramente relacionados con los servicios prestados al OIEA.

Las designaciones deben presentarse al OIEA por conducto de la autoridad nacional competente (el Ministerio de Relaciones Exteriores, la Misión Permanente ante el OIEA o la Autoridad Nacional de Energía Atómica), a más tardar el **1 de septiembre de 2020**, por medio del formulario de participación adjunto (Formulario A). Los formularios de participación debidamente cumplimentados y autorizados deben enviarse por correo electrónico a la dirección Official.Mail@iaea.org, o por fax al número: +43 1 26007 (no se precisan copias impresas). Deben enviarse copias de los formularios

por correo electrónico a la Secretaría Científica del evento, Sra. Loreta Stankeviciute, División de Planificación, Información y Gestión de los Conocimientos, Departamento de Energía Nuclear (correo electrónico: L.Stankeviciute@iaea.org), y a la Secretaría Administrativa, Sra. Valerie Gartner (correo electrónico: V.Gartner@iaea.org). Una vez recibidas las designaciones oficiales, la Secretaría Científica del evento contactará directamente a los participantes en relación con otras cuestiones de organización, como los detalles del viaje, según proceda.

En caso de que los Gobiernos desearan, además, nombrar uno o más observadores para que prestasen asistencia y asesoramiento a los participantes designados, se les ruega que comuniquen al OIEA el nombre y las señas de esos observadores a más tardar en la fecha antes indicada. De conformidad con las normas establecidas, corresponde a los Gobiernos sufragar los gastos de asistencia de los observadores que envíen a los eventos del OIEA. Este no paga ninguna indemnización por daños o pérdida de efectos personales de los observadores, ni por enfermedad, lesión o fallecimiento durante los viajes o en relación con su asistencia a los eventos del OIEA.

La Secretaría del Organismo Internacional de Energía Atómica aprovecha esta oportunidad para reiterar a los Estados Miembros del OIEA el testimonio de su distinguida consideración.

Workshop to Exchange Experience on Energy System Modelling for Planning

Hosted by the

Government of Croatia

through the

Energy Institute Hrvoje Požar

Zagreb, Croatia

9–13 November 2020

Ref. No.: EVT1904477

Information Sheet

Introduction

The workshop will consist of presentations by the participants, experts and group discussions. It will cover: (a) major issues related to energy systems in the context of sustainable development; (b) energy system modelling approaches and scenario designs for evaluating alternative energy strategies that take into account the techno-economic and environmental aspects of various energy option parameters; (c) trade-offs for possible integration of the national energy system with sub regional and regional networks; and (d) the policy relevance of energy system analysis in Member States. The emphasis will be on modelling approaches for the evaluation of energy system infrastructure in relation to energy affordability, energy security, environmental and climate change impacts, with the help of the IAEA's energy models or similar tools.

Each participant is expected to give a presentation with a focus on the application of energy system models in the respective Member States. Of particular interest are innovative analytical solutions to address issues that are likely to be of relevance to other participants. Furthermore, the participants should highlight instances where energy system assessments have been used to inform policy formulation or other decisions in their home countries. A general assessment of how the energy

planning and assessment activities are integrated into decision-making processes can also be included in the presentations. A short write-up summarizing the contents of the presentation (e.g. the main model to be discussed) should be sent to the Scientific Secretary of the workshop, Ms Loreta Stankeviciute (Email: L.Stankeviciute@iaea.org) no later than 1 September 2020.

Objectives

The purpose of the workshop is to facilitate the exchange of experiences among Member States regarding the use of the IAEA's tools for energy planning and analysis, and to provide an opportunity to share relevant analytical tools that they themselves have developed. The workshop will focus on methodological aspects of the tools and the relevance they have for the formulation of energy policy and strategies to promote sustainable development in the participating countries.

Target Audience

Member States are invited to designate one participant for this workshop who has specialized knowledge of, or experience in, contemporary energy issues, as well as adequate skills in the use of the IAEA's energy planning models. Each participant is expected to give a presentation lasting 30-45 minutes to share his/her country's experience in analysing energy issues with the help of modelling tools. Member States are strongly encouraged to identify suitable women participants.

Working Language(s)

English

Participation and Registration

All persons wishing to participate in the event have to be designated by an IAEA Member State or should be members of organizations that have been invited to attend.

In order to be designated by an IAEA Member State, participants are requested to send the **Participation Form (Form A)** to their competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA or National Atomic Energy Authority) for onward transmission to the IAEA by **1 September 2020**. Participants who are members of an organization invited to attend are requested to send the **Participation Form (Form A)** through their organization to the IAEA by above deadline.

Selected participants will be informed in due course on the procedures to be followed with regard to administrative and financial matters.

Expenditures and Grants

No registration fee is charged to participants.

The IAEA is generally not in a position to bear the travel and other costs of participants in the event. The IAEA has, however, limited funds at its disposal to help meet the cost of attendance of certain participants. Upon specific request, such assistance may be offered to normally one participant per country, provided that, in the IAEA's view, the participant will make an important contribution to the event.

The application for financial support should be made using the **Grant Application Form (Form C)** which has to be stamped, signed and submitted by the competent national authority to the IAEA together with the **Participation Form (Form A)** by **1 September 2020**.

Visas

Participants who require a visa to enter Croatia should submit the necessary application as soon as possible to the nearest diplomatic or consular representative of Croatia.

Tel.: +43 1 2600 22778

Fax: +43 1 26007

Email: V.Gartner@iaea.org

Subsequent correspondence on scientific matters should be sent to the Scientific Secretary and correspondence on other matters related to the event to the Administrative Secretary.

Participation Form

Workshop to Exchange Experience on Energy System Modelling for Planning

Zagreb, Croatia

9–13 November 2020

To be completed by the participant and sent to the competent national authority (e.g. Ministry of Foreign Affairs, Permanent Mission to the IAEA, or National Atomic Energy Authority) of his/her country for subsequent transmission to the International Atomic Energy Agency (IAEA) either by email to: Official.Mail@iaea.org or by fax to: +43 1 26007 (no hard copies needed). Please also send a copy by email to the Scientific Secretary L.Stankeviciute@iaea.org and to the Administrative Secretary V.Gartner@iaea.org.

Participants who are members of an invited organization can submit this form to their organization for subsequent transmission to the IAEA.

Deadline for receipt by IAEA through official channels: 1 September 2020

Family name: (e.g. Smith)	First name(s): (e.g. John)	Mr/Ms
