Other:

As a sign of its responsibility in the fight against climate change, BBVA approved in 2018 its Commitment 2025, for which it has already mobilized more than 50,000 of the 100,000 million that had been set as a target until 2025 in green financing, sustainable infrastructure, entrepreneurship social and financial inclusion. The bank has the capacity, knowledge and experience to provide its clients with superior advice on sustainable financing solutions and is playing a key role in the development of this market.

BBVA has joined the European Clean Hydrogen Alliance, a body that aims to promote the extension and development of the use of green hydrogen for a carbon-neutral Europe by 2050. BBVA is the only Spanish bank in this alliance, promoted by the Commission European.
