

**Matchmaking registration form
Green Hydrogen in Uruguay**

Institution or company name	Chicago Bridge Uruguay, S.A. (McDermott – CB&I Storage Solutions Company registered in Uruguay)			
Institution webpage	www.mcdermott.com			
Other web sites of interest				
Contact (person, email, phone...)	Helaine Sequeda hsequeda@mcdermott.com +56 9 8497 8855			
Additional contact (person, email, phone...)	Martin Galeno martin.galeno@mcdermott.com Office: + 1- 832-513-1343 Cel: 1- 713-259-9083			
Type of institution (please select all that apply)	<i>Public</i>	<input type="checkbox"/>	<i>Private</i>	<input checked="" type="checkbox"/> <i>Academy</i>

Short description of your institution/company:

McDermott is a premier, fully integrated provider of engineering and construction solutions to the energy industry. Our customers trust our technology-driven approach to design and build infrastructure solutions to responsibly transport and transform oil and gas into the products the world needs today. From concept to commissioning, our expertise and comprehensive solutions deliver certainty, innovation and added value to energy projects around the world. It is called the “One McDermott Way.”

Modern process plants are complex and interrelated. They require careful planning and evaluation to ensure project feasibility, technical feasibility, economic optimization and proper licensor selection. As a designer and builder of all types of process plants, we recognize the essential part this early planning plays and will work with Lummus Technology to assist customers with their process planning and project development.

Your institution provides (please select all that apply)	products	X	services	X
---	----------	---	----------	---

Short description of your relevant market, i.e. your relevant product/service and geographic market:

Upstream Oil and Gas.

LNG: concept, EPFC of LNG facilities: Liquefaction plants; Regasification terminals; Storage tanks; FLNG topsides.

Refining and Petrochemicals: EPFC Refinery process units; Petrochemical facilities; Hydrogen and synthesis gas plants; Sulfur processing plants

Licensing Technology: Lummus Technology: best-in-class technology portfolio of 130-plus technologies and 3,400-plus patents, patent applications and trademarks.

Sustainable Solutions: Developer of sustainable solutions supporting energy transition: Sustainable engineering to design and build lower carbon facilities; Green and blue hydrogen, liquefaction and storage; Carbon capture, storage and utilization; Offshore wind.

Industrial Storage: EPFC storage facilities, tanks and terminals, Water/Wastewater, Egg Shaped Digesters; LT & Cryogenic and Atmospheric storage Tanks; Hortonsphere®; Pressure Vessels; Thermal Energy Storage. **Developer of hydrogen storage spheres of capacities ranging between 5,000 m³ and 40,000 m³.**

Power: EPFC: natural gas, solid-fuel and renewable generating facilities: plant conversion to natural gas, solid-fuel and renewable power plants; AQCS; NET Power.

Area(s) of activity (please select all that apply) in connection with Green H2

Hydrogen and other products production	X	Renewable Energy		Transport	
Logistic	X	Industrial	X	Finance	
Legal					

Expertise areas (please select all that apply)

R&D	X	Technology transfer		Technology developer	X
Technology end-user		Technology supplier	X	Investor	

Other: Concept – Engineering, Procurement, Fabrication, Constructions, Commissioning, assistance during start-up and training. **Developer of Large-scale hydrogen storage.**

Main technological capacities and facilities

Modern process plants are complex and interrelated. They require careful planning and evaluation to ensure project feasibility, technical feasibility, economic optimization and proper licensor selection. As a designer and builder of all types of process plants, we recognize the essential part this early planning plays and will work with Lummus Technology to assist customers with their process planning and project development.

Lummus is our preferred technology provider with access to a comprehensive, best-in-class technology portfolio of 130-plus technologies and 3,400-plus patents, patent applications and trademarks. Through our strategic agreement with Lummus Technology, we bring customers technology solutions through the entire plant lifecycle.

About the partner(s) you are looking for

Where are you looking for a partner (please select all that apply):

<i>In Uruguay</i>	<input checked="" type="checkbox"/>	<i>Abroad</i>	<input checked="" type="checkbox"/>
-------------------	-------------------------------------	---------------	-------------------------------------

Looking for partners in the area(s) (please select all that apply)

<i>Hydrogen and other products production</i>	<input type="checkbox"/>	<i>Renewable Energy</i>	<input checked="" type="checkbox"/>	<i>Transport</i>	<input type="checkbox"/>
<i>Logistic</i>	<input type="checkbox"/>	<i>Industrial</i>	<input type="checkbox"/>	<i>Finance</i>	<input checked="" type="checkbox"/>
<i>Legal</i>	<input type="checkbox"/>				

What kind of partner(s) are you looking for

- Project Operation and Financing companies
- Hydrogen powered Truck and Buses Suppliers and Operators

Which capacities and/or facilities are you looking for

Date: June 7, 2021
