Short description of your institution/company:

Founded in 1936, CONATEL was always characterized by its innovative vision, introducing both technology and business models into Uruguay.

We provide technological solutions (integrating products, applications and services), to companies and the government to help them face the challenges and take advantage of the opportunities of converging technologies, by contributing to the improvement of their critical business processes. To achieve this, we will build on a human and professional team with high performance and vocation for innovation, sustained by a work environment of excellence.

We specialize in the integration of innovative and diverse technologies offering complete and effective proposals in the areas of Information Technology and Industry.

For this purpose, we put special emphasis on maintaining alliances with first tier suppliers, having a high tech team, and developing an appropriate service organization, in order to guarantee the quality of our proposals and solutions.
