Short description of your institution/company:

KUSTEC is an Austrian-based company, established in 2008. KUSTEC quickly gained momentum in the Cooling Systems and Technologies market and was able to establish a worldwide partnership base across five continents.

An industry leader providing innovative cooling systems' solutions to our clients with low GWP refrigerants and high COP. We endure the UN's environmental SDG's and live it to the fullest.

In December 2020, the company had total revenue of over 6.1 M €. This was possible due to our constant commitment to deliver our customers' needs, maintain high-quality standards and strengthen our team working spirit.

Your institution provides (please select all that apply)	<i>products</i>	X	<i>services</i>	X
--	-----------------	---	-----------------	---

Short description of your relevant market, i.e. your relevant product/service and geographic market:

KUSTEC is focused on standardizing and optimizing the Cooling Systems Technology for Hydrogen Fuel dispensers. Our first Hydrogen Cooling System was built in 2008, thus our expertise allows us to excel in the field. We accomplish it by providing innovative cooling systems through our R&D departments, advanced remote control systems and professionals.

Besides our basic line of products, we offer customized cooling systems and solutions for your needs.

We have a worldwide geographical presence and look forward to further expanding our network of connections/partnerships globally.
