Short description of your institution/company:

CIEMSA-CSI is a holding group that provides engineering, construction, infrastructure installation, operation and maintenance services for the public and private sectors in the Uruguayan market since 1980.

We have more than 2100 workers in our payroll, of whom more than 300 are professionals (engineers, architects, MBA, PMPs, PhDs), executing more than 70 contracts simultaneously.

Our turnover is over 130MM USD.

OUR MISSION

Our mission is to integrate solutions that are based on our knowledge, experience and technologies, to contribute to the sustainable development of our clients, partners and community.

OUR VISION

A leading company in service operations, project works and installation and marketing of equipment and supplies in Uruguay. An organization known for understanding the needs of its customers and providing the best solutions; for being an excellent place to work at, grow professionally and for having a positive impact on the community and the environment.

OUR VALUES

Excellence: Do things right

Innovation: Create something new with added value

Commitment: To make things happen

Your institution provides (please select all that apply)	<i>products</i>	x	<i>Services</i>	x
--	-----------------	---	-----------------	---

Short description of your relevant market, i.e. your relevant product/service and geographic market:

We have been providing engineering, construction, infrastructure installation, operation and maintenance services for the public and private sectors in the Uruguayan market since 1980.

We approach every project in a collaborative and responsible manner with a deep commitment, working together with the customers, planners and other contractors towards a common goal: making the project a great success.

Working with the highest standards has enabled us to be certified under:

ISO 9001:2008 Quality management systems

ISO 14001:2004 Environmental management systems

BS OHSAS 18001 - Occupational Health and Safety Management

ISO 39001:2012 - Road traffic safety (RTS) management systems

By having a clear understanding of the challenges ahead and using cutting edge technology, systems and procedures we are able to conceive, design, implement and operate solutions that meet and exceed the expectations of our clients. This is how we build long-term relationships and add value to our customers' businesses.

Area(s) of activity (please select all that apply) in connection with Green H2

<i>Hydrogen and other products production</i>		<i>Renewable Energy</i>	X	<i>Transport</i>	
<i>Logistic</i>		<i>Industrial</i>	X	<i>Finance</i>	
<i>Legal</i>					

Expertise areas (please select all that apply)

<i>R&D</i>		<i>Technology transfer</i>		<i>Technology developer</i>	
<i>Technology end-user</i>		<i>Technology supplier</i>		<i>Investor</i>	
Other: Engineering and Infrastructure Construction: Civil, Electrical, Industrial/Mechanical and Architecture ; Renewable Energies, Logistics / Transport; O&M services					

Main technological capacities and facilities

CIEMSA has ample capabilities in Civil, Structural, Transport, Mechanical, Electrical and Industrial Engineering, in areas such as architecture, industry, environment and renewable sources, sanitation and water, energy, transportation, and infrastructure of public services, among others.

We have a proven track record of more than 40 years of experience working in public works projects, many of them funded by international lending agencies as well as private industrial and commercial initiatives.

Depending on the requirements of the project, we have a pool of local and international experts that complement the work of our staff, through strategic alliances and cooperation agreements with recognized companies and prominent professionals.

About the partner(s) you are looking for

Where are you looking for a partner (please select all that apply):

<i>In Uruguay</i>	<input checked="" type="checkbox"/>	<i>Abroad</i>	<input checked="" type="checkbox"/>
-------------------	-------------------------------------	---------------	-------------------------------------

Looking for partners in the area(s) (please select all that apply)

<i>Hydrogen and other products production</i>		<i>Renewable Energy</i>		<i>Transport</i>	<input checked="" type="checkbox"/>
<i>Logistic</i>	<input checked="" type="checkbox"/>	<i>Industrial</i>	<input checked="" type="checkbox"/>	<i>Finance</i>	<input checked="" type="checkbox"/>
<i>Legal</i>
