Short description of your institution/company:

(only the first 150 words will be published)
 Mi equipo de investigación está desarrollando un prototipo de medidor inteligente específico para certificación de origen de hidrógeno. Mi equipo desarrollo la electrónica necesaria para comunicarnos con la nube y leer el sensor. Nuestro prototipo se implementará en una pila de combustible SOFC de 5kW que se utiliza en la industria láctea en la provincia de Santa Fe, Argentina. La certificación de la generación de hidrógeno con bajas emisiones de carbono es otro de los requisitos del proyecto.
