Green Hydrogen in Uruguay**

Institution or company name	Alfa Laval
------------------------------------	------------

Institution webpage	www.alfalaval.lat
Other web sites of interest	https://www.alfalaval.lat/industrias/energia-y-utilities/sustainablesolutions/sustainable-solutions/energia-limpia/hidrogeno-verde/
Contact (person, email, phone...)	Juanita Ramirez. Juanita.ramirez@alfalaval.com . +573504612381
Additional contact (person, email, phone...)	Adriana Giachero, email: agiachero@adinet.com.uy , celular: 0059894287611
Type of institution (please select all that apply)	Private

Short description of your institution/company:

Alfa Laval has the vision of creating better everyday conditions for people – everywhere. Our products are used in industrial processes that are crucial for society, helping our customers optimize their processes to reduce energy use, protect the environment, and make food and pharmaceutical production safer.
Alfa Laval has grown to become a world leader within our key technology areas of heat transfer, separation and fluid handling.

Your institution provides (please select all that apply)	Products	x	Services	X
--	----------	---	----------	---

Short description of your relevant market, i.e. your relevant product/service and geographic market:

Area(s) of activity (please select all that apply) in connection with Green H2

Hydrogen and other products production	<input checked="" type="checkbox"/>	Renewable Energy	<input checked="" type="checkbox"/>	Industrial	<input checked="" type="checkbox"/>

Expertise areas (please select all that apply)

R&D	<input checked="" type="checkbox"/>	Technology supplier	<input checked="" type="checkbox"/>	Technology developer	<input checked="" type="checkbox"/>

Main technological capacities and facilities

We provide solutions to cool electrolyzers, and use this heat to produce fresh water needed for the electrolysis (by distillation which is a technology to desalinate). As heating and cooling is needed in other processes like ammonia and methanol production and even in fueling stations, we provide solutions for all these applications

About the partner(s) you are looking for

Where are you looking for a partner (please select all that apply):

In Uruguay	<input checked="" type="checkbox"/>	Abroad	<input checked="" type="checkbox"/>
------------	-------------------------------------	--------	-------------------------------------

Looking for partners in the area(s) (please select all that apply)

Hydrogen and other products production	<input checked="" type="checkbox"/>	Renewable Energy	<input checked="" type="checkbox"/>	Industrial	

What kind of partner(s) are you looking for

EPCs developing projects, electrolyzer manufacturers, engineering companies, end users. We won't develop a project, but we'll contribute with solutions for it.

Which capacities and/or facilities are you looking for

Engineering and project executing, so we can work together providing our solutions
