### SCHEDULE OF TARIFF COMMITMENTS ON GOODS

#### COMMITMENTS OF SWITZERLAND ON GOODS

#### ORIGINATING IN MERCOSUR

### ARTICLE 1

#### ***General Provisions***

1. This Annex specifies the obligations of Switzerland regarding the application of customs duties on imports.
2. For the purposes of the Agreement, Switzerland shall apply its respective customs classification system for imported goods, at eight-digit level, which shall be based on the HS in its 2022 version or any subsequent amendment thereto approved by the Parties.
3. Switzerland shall reduce or eliminate customs duties on imports on goods originating in MERCOSUR in accordance with the schedule of tariff commitments set out in this Annex.
4. At the time of importation, the lower duty between the most-favoured-nation applied rate and the applicable customs duty on imports set out in this Annex shall prevail.
5. For the purposes of the bilateral tariff-rate quotas (TRQs) set out in this Annex, if the entry into force of the Agreement corresponds to a date after 1 January and before 31 December, the in-quota quantity shall be pro-rated on a proportional basis for the remainder of that calendar year. Thereafter, Switzerland shall make available the entire yearly quota quantity established in accordance with the schedule of tariff commitments set out in this Annex to quota applicants throughout the course of the calendar year.

### ARTICLE 2

#### ***Specific Provisions***

1. The following terms and conditions shall apply to tariff concessions granted by Switzerland in accordance with this Annex:
  - (a) For goods originating in MERCOSUR indicated as “NAMA” (Non-Agricultural Products) in column 3, Switzerland shall apply customs duties on imports as set out in column 5.
  - (b) For goods originating in MERCOSUR indicated as “AG” (Agricultural Products) in column 3, Switzerland shall apply customs duties on imports as set out in column 5 or 6.

- (c) For goods originating in MERCOSUR indicated as “PCM” (Price Compensation Mechanism) in column 5, the following provisions shall apply:
- (i) The duty, levied upon import, shall be based on, but shall not exceed, the difference between the domestic price in Switzerland and the world market price of the agricultural raw materials incorporated into the goods concerned;
  - (ii) Switzerland shall publish the applicable import duties for goods subject to the price compensation mechanism on the website of the EFTA Secretariat, in English; and
  - (iii) Switzerland shall notify MERCOSUR of the domestic and world prices used to calculate the applicable customs duties for goods subject to the price compensation mechanism before their entry into force.
- (d) For tariff concessions in column 6, Switzerland shall reduce the MFN duty rate applicable at the time of importation by the amount specified in that column.
- (e) For goods originating in MERCOSUR indicated as “NC” (not covered) in column 5, no commitments related to customs duties shall be granted by Switzerland.
- (f) At the beginning of each calendar year, if the average of MERCOSUR exports over the preceding three-year period within the bilateral tariff rate quota for tariff lines ex2204.2139, ex2204.2149, ex2204.2239 and ex2204.2938 (HS 2022) exceeds 45,000 (forty-five thousand) hectolitres, such bilateral tariff rate quota will be automatically increased to 55,000 (fifty-five thousand) hectolitres during the period of one (1) calendar year.
- (g) The classification of goods shall be that set out in the tariff nomenclature of Switzerland, at a level of eight (8) digits, based on the Harmonized Commodity Description and Coding System in its 2022 version or any subsequent amendment thereto approved by the Parties.
